Memo for files:

Regarding Mr. Dulles' speech of 26 Sept. 1962, before the American Society for Industrial Security:

There were no press inquiries, at Col. Grogan's office, about above speech; nor any internal queries. Mr. Dulles did not sent a text here, nor have I called him to ask for a copy.

There were several press stories about the speech, and also about reporters' questions afterward:

I have had no contacts, on other matters, with Mr Dulles, except to have Arline send him some additional (press intell.) re his San Fran speech. Nor has anyone asked me about historical matters
